Wine List

The research and edit for this wine list was made by
Andreas Kaparis - WSPC Level 3 in Greek Wines.

Enjoy!

In Greece, with numerous unique and mountainous terroirs,
people have been growing vines since the ancient times.

Today, with the love and the vision of many young winemakers,
rare indigenous varieties - some considered extinct or lost -
have been coming back to life and show the real potential of
the modern winemaking scene in Greece.

These varieties come to your glass through this wine card,
in a tasty journey with only coordinates..

the Story, the Place and the Wine

Welcome to the New Old World.
